# WMP-extension

version: 1.0

history:

| | | |
|---|---|---|
| 2009-07-07 | 1.0 | wmp-extension.xsd |

For reference to current version use http://purl.org/REP/standards/wmp-extension.xsd

When Creative Commons is applicable the WMP-extension can be used.

This WMP extension is made to extend the MODS metadata scheme with the author rights.
For examples how to use this extension in combination with MODS see: Use of MODS
