Introductie

Erasmus Center for Strategic Competitiveness Research(ECSCR) project

Doel

“Develop a multi-level panel database and data management centre on the strategic competitiveness of firms which will allow the data collection of the group to be more systematically and efficiently coordinated, stored, exploited and made available for research and valorization activities.”

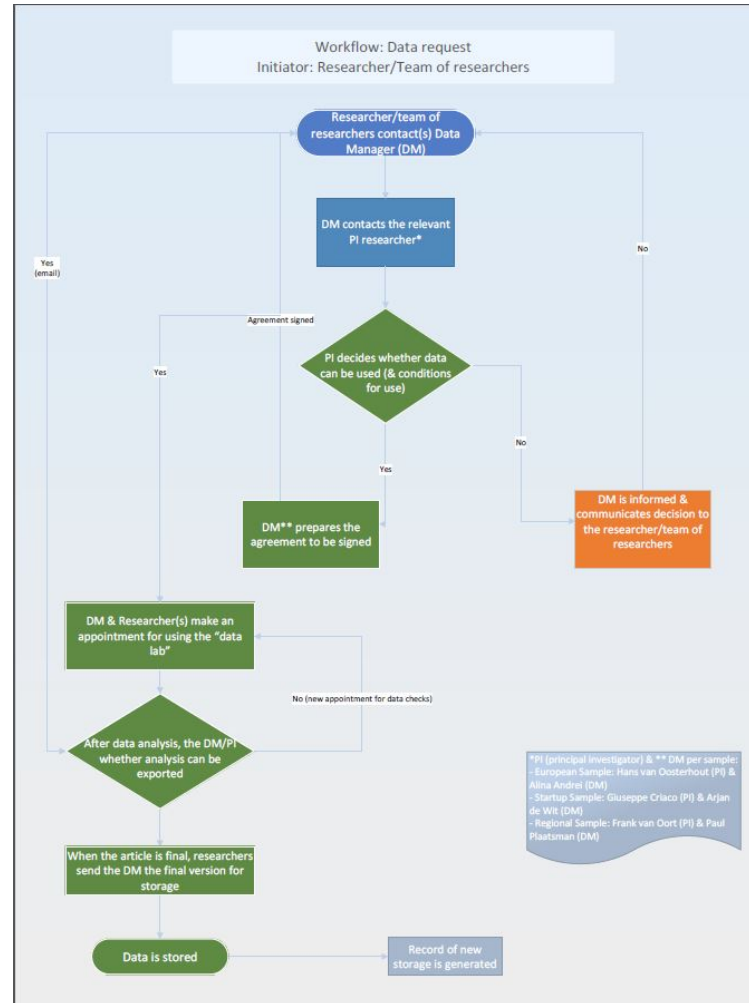

Afgeleid doel

“Pioneer the implementation of research data management practices that EUR has decided to develop.”

Deliverables

- Data for three main sampling designs
 - I. European level data (Bureau van Dijk)
 - II. Start-ups and scale-ups (Chambre of Commerce data)
 - III. Regional sample(LISA data)
 - Technical support for data collection
- GoogleBQ

Workflows
