SURFdrive is a joint initiative by SURF and all Dutch universities.

STORE YOUR WORK SAFELY ON **SURF DRIVE**

Easy and reliable

SURFdrive enables you to store files easily in a secure and reliable cloud environment.

Log in with your institutional account and password, and receive 100 GB of storage space straight away.

Access from any device

Access your files anywhere, anytime – even from your smartphone, tablet and/or laptop.

It is also possible to grant guest users access to files. The files are always encrypted before being sent over networks.

Safe storage in the Netherlands

SURFdrive has been specially developed for educational and research institutions in the Netherlands. Your files are stored safely in the Netherlands, and will never be made available or sold to third parties.

Key advantages of SURFdrive

- Share educational and research files securely and easily
- 24-hour access to your files via offline synchronisation
- Share documents with guest users
- Optimised for smartphone and/or tablet use
- Retrieve files for up to 30 days
