## Application profiles

 Application profiles with an  icon are in Dutch.

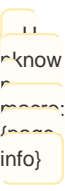

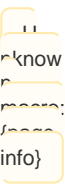

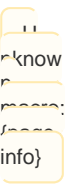

Suggested categories:

- Metadata
- Compound Objects
- Harvesting
- Vocabularies
- Object Identifiers
- Author Identification
- RESTful semantic HTML indexing preparations
- Usage Statistics
- Remote Deposit
- Enhanced Publications

Application profile	Brief	Owner	Tags
<b>DAI</b>	The Digital Author Identifier (DAI) is a unique national number assigned to every author who has been appointed to a position at a Dutch university or research institute or has some other relevant connection with one of these organisations. The DAI brings together various different ways of writing the author's name and distinguishes between authors with the same name. <a href="#">Read more...</a>	DAI working group	 rknow r r r info}
