05 Jul
2022

- Uniform material card designs

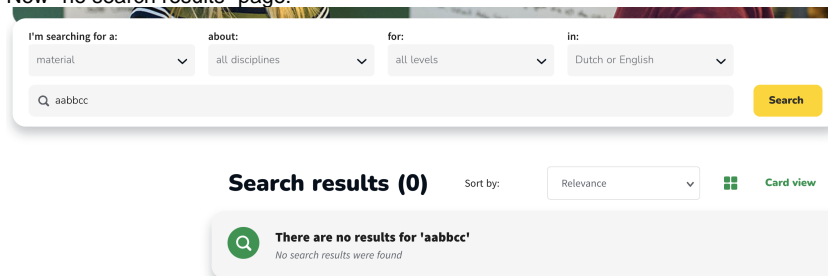

- Support button moved to footer navigation
- Added "Question?" button to top menu:

- Bugfixes
 - Materials not found using part of title
 - Not all communities are shown

02 Jun
2022

- New "no search results" page:

- Bugfixes
 - "Show files" modal on material detail page does not scroll on large amount of files
 - Publisher and Study filtering does not work

11
May
2022

- Bugfixes
 - Children of specific material do not show link back to parent

28 Apr
2022

- Bugfixes
 - Mouse does not change to "hand" icon when hovering over material cards
 - Materials with language set to "other" do not appear in search results

11 Apr
2022

- A completely new search bar with additional pre-search filter options, allowing to narrow down the scope of the search upfront:

The screenshot shows a search bar with three main sections: 'Ik zoek een:', 'over:', and 'voor:'. The 'Ik zoek een:' section has a dropdown menu with 'afbeelding' selected and a green checkmark. Below this, a list of filter options is shown with checkboxes: 'Afbeelding' (checked), 'Website', 'Document', 'Video', 'Presentatie', 'Open (Access) Tekst Boek', 'App', 'Spreadsheet', and 'Audio'. The 'over:' section has a dropdown menu with 'alle thema's' selected. The 'voor:' section has a dropdown menu with 'alle' selected. The background of the search bar is a blurred image of a person in a blue and white striped shirt.

- New "no search results" page:

The screenshot shows a 'no search results' page. At the top, it says 'Zoekresultaten (0)' in bold. To the right of this, there is a 'Sorteer op:' dropdown menu with 'Relevantie' selected. Below the title, there is a green icon of a magnifying glass over a document. To the right of the icon, it says 'Bedoelde je leermaterialen ? Want er zijn geen resultaten voor 'leermaterailen'' in bold. Below this, in a smaller font, it says 'Bedoelde je dat niet? Pas dan je zoekopdracht aan'.

- Bugfixes
 - Materials from SURFsharekit did not get published within 5 minutes

28
Mar
2022

- Bugfixes
 - Some materials did not get published on edusources
 - Pagination issue when searching for multiple authors

16 Mar 2022	<ul style="list-style-type: none"> Show a filter selection <i>modal</i> to easily select one or more filters by either searching for it or by scrolling through the list of all available options. The modal is available for all filters with a large amount of filter options:  <ul style="list-style-type: none"> Replaced <i>lazy loading</i> on search results page by pagination. It's now very easy to browse through all pages and to go to a specific page with a single click. Added a "Participating institutions" page "Search in community materials" button for Vaktherapie-community Display community when adding a material to a community collection using the dropdown on the material detail page Bugfix: <ul style="list-style-type: none"> Fixed consortium name display for AnatomyTOOL material(s)
14 Feb 2022	<ul style="list-style-type: none"> Sharekit harvest delta update interval changed to 5 minutes
13 Feb 2022	<ul style="list-style-type: none"> Communities <ul style="list-style-type: none"> Bugfix: Editing a community changes status to "draft" Bugfix: White space is trimmed off immediately making it hard to add a new paragraph at the end of a community description Use coherent translated community names throughout all pages Enabled "search in community materials" button for AnatomyTOOL community
12 Jan 2022	<ul style="list-style-type: none"> "Theme" filter
05 Jan 2022	<ul style="list-style-type: none"> Preparations for "pre-search filtering" feature
27 Dec 2021	<ul style="list-style-type: none"> Further improvements to filter displaying and counts <ul style="list-style-type: none"> Hide filters with only one option Show correct filter count Bugfix: issue with "document" file type filter Added search icon to top menu to quickly go to the search page Stop indexing materials with unknown or incorrect license types
22 Dec 2021	<ul style="list-style-type: none"> Vimeo previews Date filters are now based on publication year so materials without a precise date can also be found Dates are now shown as intended and use the locale of the selected language (en_US if language in the portal is set to English) Bugfix: combinations of filters sometimes resulted in unexpected search results and filter counts
17 Dec 2021	<ul style="list-style-type: none"> AnatomyTOOL materials restored

13 Dec 2021	<ul style="list-style-type: none"> • Preparations for Vimeo previews • Added more information to title of material detail page • Bugfix: date filter was not working when only one date was entered • AnatomyTOOL materials removed temporarily due to unavailability of AnatomyTOOL's website
29 Nov 2021	<ul style="list-style-type: none"> • Improved page load speed
22 Nov 2021	<ul style="list-style-type: none"> • Improved page load speed
15 Nov 2021	<ul style="list-style-type: none"> • Preparing for new features
08 Nov 2021	<ul style="list-style-type: none"> • Improved findability of materials on Google and other search engines.
01 Nov 2021	<ul style="list-style-type: none"> • Added AnatomyTOOL materials to edusources.
25 Oct 2021	<ul style="list-style-type: none"> • Improved processing of deletes and materials that are "unpublished" from SURFsharekit. Such changes should now propagate to edusources.nl in 1-2 minutes instead of only once each day at 0:00.
18 Oct 2021	<ul style="list-style-type: none"> • Like the last two weeks, most work this week has been to prepare for new features. There have been no visible changes yet to edusources.nl
11 Oct 2021	<ul style="list-style-type: none"> • Like last week, most work this week has been to prepare for new features. There have been no visible changes yet to edusources.nl.
04 Oct 2021	<ul style="list-style-type: none"> • This week most work has been on the backend to prepare for several new features, so there haven't been much visible changes: <ul style="list-style-type: none"> ◦ Removed counter for number of materials in communities to avoid confusion. ◦ Prepare backend to show previews for certain material types. ◦ Prepare backend to handle updated Sharekit API.

27
Sep
2021

- Active filters on the search page are now also shown on the top of the page:

Filteren

▼ Je gekozen filters (Reset filters)

Uitgever: **Community Ethics** X

Auteur +

Bestandstype +

- When searching in the materials of a community, executing a new search query will not remove the active community filter.
- Autocomplete for search is improved and starts showing suggestions once a user has typed at least 3 characters.
- Links to the Creative Commons licenses have been improved and now refer to the summary pages of the CC website.
- Several improvements to the analytics e.g.: we can now track for which publisher a material is downloaded.
- Several bugfixes and improvements were made to the harvest subsystem, which is responsible for retrieving materials from SURFsharekit and other repositories.

20
Sep
2021

- We've added "more like this": on the details page for a material, edusources will now suggest similar materials.
- A Support button was added to the navigation bar, linking to a Wiki page with more information about edusources.
- The duration for Youtube.com videos is automatically shown on detail pages.
